Note:

UTT - measuring of thickness of materials by ultrasonic thickness gauges

*List of all certified examination centres is available on www.tuev-nord.cz.

4. REQUIREMENTS FOR THE CERTIFICATE / WALLET CARD:

The certificate is required in language English German

Besides the certificate, there is also a requirement for the issue of wallet card

5. DECLARATION OF THE APPLICANT AND CODE OF ETHICS:

I am aware of the fact that:

- the certificate is only valid for the duration of applicant's continuity in application of the NDT method without significant interruption and steady visual abilities,
- the owner of the certificate is always the Certification Body. The certificate is bestowed to the applicant and such a person becomes the certificate holder,
- false information, misuse of the certificate or violation of the principles of professional ethics can lead to the withdrawal of the certificate. Misuse means also use of only a part of the certificate content, eventually the logo TÜV NORD Czech, s.r.o.,
- I have the opportunity to submit request to the Certification Body for adaptation to my specific needs during certification process (e.g. language), in reasonable degree,
- the Certification Body accepts no liability for misusing or inappropriate use of the certificate by the applicant.

I undertake that I will:

- meet the relevant provisions of the applicable certification scheme and I will provide all necessary information for evaluation,
- at all times, be aware of and comply with the provisions / requirements of codes, regulations or standards under which I am working.
- not misuse nor use the certificate misleadingly,
- not undertake those non-destructive testing assignments for which I am not competent by virtue of my training, experience, qualification and certification,
- only sign documents which I have personal professional knowledge and/or direct supervisory control,
- engage, or advise the engagement of, such specialists as are required to enable testing activities to be properly completed,
- conduct myself in a responsible manner and utilise fair and equitable business practices in dealing with colleagues, clients and associates. Treat the customer as a partner and fully respect their needs and wishes,
- refrain from unethical acts which would discredit the certification scheme or bring the Certification Body into disrepute, and refrain from making statements that the Certification Body could consider misleading or unauthorised,
- inform immediately in writing the Certification Body about changes related to facts important for certificate issue and validity,
- inform immediately in writing the Certification Body about any perceived violation(s) of codes, regulations or standards,
- immediately inform in writing the Certification Body about any complaints or objections against my certificate,
- perform my professional duties with proper regard for the physical environment and the safety, health and wellbeing of the public,
- protect to the fullest extent possible consistent with the wellbeing of the public and the provisions of this code of ethics, any information given to me in confidence by my employer, colleague or member of the public,
- avoid conflicts of interest with the employer or client but, when unavoidable, forthwith disclose the circumstances to the employer or client,
- maintain my proficiency by updating my technical knowledge as required to properly practice NDT in the certified methods and levels,
- indicate to my employer or client any adverse consequences, which may result from an overruling of my technical judgement by a non-technical authority,
- immediately report to the Certification Body any attempt to pressure or force on me to violate this code of ethics,
- inform my employer in the event that my certification is suspended, cancelled or withdrawn.

I agree that:

- the Certification Body is entitled to require, for the needs of issuing the certificate or the wallet card, all the data necessary for my unambiguous and unmistakable identification in the scope required by the international code ISO 20807:2004. In case of not providing these data, the Certification Body is not authorized to issue the certificate. All the data is used by the Certification Body for the purpose of verifying the validity of the certificate,
- the Certification Body is entitled to keep my personal data acquired for the purpose of certification in the unnecessary scope for the purpose of possible litigations or other disputes and that is for the whole period of certificate validity and 10 years afterwards due to the longest possible term of limitation period to claims,

- the Certification Body is entitled to process my contact data (phone number and e-mail) and sensitive data on my vision ability only on the basis of my agreement and only for the time and purpose stated in this agreement,
- personal details stated in this application will be processed by the Certification Body personnel manually and automatically within the scope of their work activities,
- the Certification Body is entitled to provide my personal data acquired during the certification process, in necessary extent, to other party where it is required by accreditation rules of the Certification Body and legislation
- the Certification Body is entitled to inform anybody who asks about the validity of the certificate,
- the Certification Body is entitled, only on the basis of my agreement, to provide the issued certificate to my employer,
- I have the right to access to my personal data processed by the administrator, especially the right for information on the purpose of the processing, scope of the processed personal data and recipient or recipients of my personal data, further on I have the right for correction and completion of my personal data, right to raise objections against processing, right for portability of my personal data, right for erasure of my personal data and the right to raise a complaint at the Office for Personal Data Protection.
-

Hereby I confirm that all the data is true.

Place	Date	Name and signature of the applicant
