

**Objective:**

The objective of this program is to develop personnel and make them responsible for the overall operation of Food Establishments for a limited time (the work shift).

Who Should Attend:

PIC can be the Owner of the business or a designated person, such as shift leader, Chef, Kitchen Manager or similar Individual, who is always present in the worksite and has direct control or supervision over employees who engage in the storage, preparation, display or service of foods.

It is intended for persons directly responsible for the food related operations in certain types of food establishments with direct authority, control or supervision over employees who engage in the storage, preparation, display or service of foods.

Prerequisites:

There is no minimum qualification required to become a PIC. However, PICs should pass the certification relevant to their type of business.

Dubai Regulations:

All food establishments should have a PIC by December 2011. The Implementation period will begin in January 2011 and end in December 2011.

Structure:

Tutorials, Discussions, Group activities, Case Study & Quiz.

Content:

- Course Introduction,
- Introduction to food safety
- Microbiological hazards
- Contamination hazards & controls
- Food poisoning & its control
- Personal Hygiene
- Premises & equipment
- Cleaning & disinfection
- Food pests & control
- HACCP
- Dubai Rules and Regulations
