Certification and Auditing

If quality, hygiene and safety are critical matters for the performance of your organization, TÜV NORD is your reliable partner providing auditing and certification services, that improve your customer satisfaction.

We have the know-how to audit and certify a wide range of internationally recognized management systems. Our experts and auditors have extensive knowledge based on experience. The benefit to you is clear: our auditors accompany and support the development of your company and provide you with objective feedback.

TÜV NORD is one of the biggest certification and auditing bodies in the world with:

- More than 40,000 certification in management systems like ISO 9001, HACCP, ISO 22000, ISO 14001, OHSAS 18001
- Large number of scheme/product certifications like BRC, IFS, GMP, QS, etc.

TÜV NORD has more than 250 accreditations/approvals across the world. Key ones are:

- DAkkS - Germany
- UKAS – United Kingdom
- DAC – United Arab Emirates

TÜV NORD has strong competence in the field of second party audits, when it comes to your supply chain. TÜV NORD has developed a competent methodology, audit and inspection guidelines, checklists, reporting formats, etc. which can deliver a high quality result. This can be custom-made also to customer's expectations.

Training

Your organization is only as good as the people, who are working for and with you. This is why an investment in their training is an investment in your organization's success. When your employees are abreast of new management trends, developments, quality and safety requirements related to food and hygiene, so is your business. We can deliver these trainings in various languages (i.e. English, German, Arabic, Hindi, Tagalog, etc).

TÜV NORD is one of the leading training providers in the Middle East. We bring out the best in your people by providing a wide range of standard and custom-made training to food-related industries.

TÜV NORD has various accreditations/recognitions in training:

- NEBOSH
- IOSH
- CIEH
- HABC
- IRCA

Testing

Only customers, who trust in what you do and offer, become loyal customers. Make sure your organization as well as your products hold and show the hygiene and safety that your customers expect.

TÜV Middle East verifies your quality standard and helps you to reduce any risks drastically. We have well-established laboratories in various countries (Germany, India, UAE and others). Fully equipped laboratories and benchmark-setting technologies enable us to provide you with state-of-the-art analytical services. We are staffed with highly trained microbiologists and technicians who are experienced and fine-tuned to all aspects of testing services. All of our labs are accredited to local and international standards

Pre-Shipment Inspection

Successful business is based on a flawless process, from production to delivery. Don't take any risks

and make sure that your product arrives safely, in time and up to your customers' demands. An independent third party inspection by TÜV NORD can help you with a professional pre-shipment inspection in order to guarantee the expected quality and quantity of your shipments.

- TÜV NORD has experience in pre-shipment inspection projects.
- We have more than 125 offices across the world and tie-ups where we do not have offices.
- We provide competent manpower/technology.

Advisory Services

If your customers become more and more demanding, so should you. In order to keep your organization and products up to the latest standard in terms of proceedings and safety-related applications, you can rely on our independent and solid services, expert know-how and long-time experience.

- We have competent food experts in the group.
- We have a strong advisory background.
- We have experience through various big projects.
