

TUV INDIA INFORMATION SECURITY POLICY

We, at TUV India, shall strive to surge ahead in Inspection, Certification and Testing Services. We are committed to protect the information of our business operations, customers, employees, Service providers and all the Stakeholders.

It is TUV India's commitment to ensure business continuity by practicing effective information security management processes by sensitizing concerned persons on the information security requirements to avoid business disruptions by minimizing the incidents.

TUV India Management and all its employees are committed to maintain compliance to all applicable statutory and regulatory requirements and continual improvement of the Information Security Management System.
