

ISO 22000:2005 Awareness Course

This course essentially covers the basic requirements of ISO 22000:2005 & its interpretation & hence helps in providing a great amount of awareness to the group of people in the organization by way of participating in individual/group exercises as well as experience sharing. The essential objective of this course is to create awareness within the organization regarding various basic requirements of the standard & impart working knowledge on how these requirements can be interpreted to suit the organization's processes, products, people & customers. Up on completion of this course, the delegates will also gain clear understanding on concept of HACCP.

Who should attend?

- Delegates who wish to implement food safety management system based on ISO 22000 in their organization
