

Webinar for Overview Program on Applicable IATF Rules for Automotive Industry

Date : 13th May 2020, Time: 3.30pm to 5.30pm

Course Features

Rules for achieving and maintaining IATF recognition, 5th Edition, has been originated by the International Automotive Task Force (IATF), which consists of automotive OEMs and national automotive industry associations representing the suppliers. IATF Rules are further explained through SI's (Sanctioned Interpretations) which provide interpretation of certain rule requirements and FAQ's (Frequently Asked Questions) explaining/clarifying an existing requirement.

Rules 5th Edition and Annexures are binding on certification bodies recognized by the IATF for the IATF 16949 certification scheme and, therefore, shall be understood by any client seeking IATF 16949 Certification.

This program is specially designed keeping in mind above requirement to equip participants with an understanding of IATF Rules Requirements must be known by companies seeking IATF16949 certification.
