

BRC Global Standard for Food Safety Issue 9: Lead Auditor

Course Features:

This course enables participants with an in-depth understanding of the Standard in terms of the protocol, requirements and how to audit effectively. Participants will acquire knowledge to assess conformance to the requirements of the Standard, including fundamental clauses, statements of intent, how to undertake a BRCGS audit, planning of the audit and reporting of the audit. Auditing fundamentals and techniques are discussed including the auditor competency skills required of auditors auditing against Global Food Safety Initiative (GFSI) recognised certification programmes.

Active learning is encouraged throughout the course utilising case study-based activities to encourage critical thinking and understand the auditing approach as per the BRCGS Standard requirements. Participants must have a working knowledge of Quality Management Systems and auditing within the relevant manufacturing sector, and have completed a Hazard Analysis and Critical Control Points (HACCP) course of at least two days duration.

In preparation for the course, participants must read and review a copy of the Standard including the glossary, which is available as a free download from the BRCGS Store, in addition to the pre-course materials provided.

The steps necessary to complete your training must

be arranged with a BRCGS-approved certification body. This course is part of the BRCGS Professional recognition programme.

Course Objectives:

- Understand the interpretation of requirements of the Standard
- Understand the steps to managing an audit programme
- Describe auditing fundamentals and techniques
- Assess compliance to the requirements of the Standard and explain how compliance can be demonstrated to maintain food safety, quality, legality, and authenticity
- Understand the scope of companies and products covered by the Standard
- Understand steps to conduct a BRCGS audit including the preparation, planning, and reporting of the audit
- Utilise and explain resource tools available for compliance and beneficial support from BRCGS

Who should attend ?

- Quality Managers, Technical Managers, Operations Managers
