

Project Management Services – Buildings

Project Management Services aim at delivering projects with safety and environmental performance which meet targets in terms of cost, schedule and quality.

TUV India offers Project Management Services and Construction Supervision Services in Building Sector such as Residential, Commercial and Industry.

Our Project Management Services assure:

- Maintaining the desired level of quality
- Delivering the project in a time-bound manner
- Requirements specified to achieve the end result
- Preventing cost overruns

With quality, scope, time and cost being the major constraints of a project management triangle, we at TUV India support to overcome constraints and bring customer plans to reality, thus assuring Construction / Installation, Quality and on-time job completion.

TUV India acts as a single point of contact or as a part of an integrated management team with customers, to assist them in achieving their business objectives by implementing best practices and management skills.
