

Safety and Quality of Water Rides

Pools, waterslides, water attractions and related equipment have become more and more complex. Meanwhile safety requirements are increasingly getting strict, as safety is a critical factor. With TÜV India's extensive knowhow, all safety concerns are thoroughly considered, minimizing risk for manufacturers, operators and users.

With its specialized portfolio of services, TÜV India is a reliable partner for the water park industry to maintain competitiveness without compromising safety and quality.

Inspections and certifications are conducted according to all major standards such as EN 1069 All parts, EN 15288-EN 13451(All Part), EN 15288-2:local legislation and relevant national and international applicable specifications and guidelines.

TÜV India ensures safety for the entire range of:

- Water Slides
- Splash Pools
- Water parks
- Swimming pool equipment
- Water attractions and games
- Pump stations
- Water treatment & quality facilities

Our Services:

Manufacturers
